

# HOLISTIC LAND DESIGN COURSE

A 5 Step DIY process for healthier land, financial freedom, functional resilience and the time to enjoy it all

**COST: \$2215 PER FARM UNIT**

**NOVEMBER 1-3: BEZANSON MEMORIAL HALL**

**NOVEMBER 22-24: PHILLIP J. CURRIE DINOSAUR MUSEUM**

This is a 6 day, 40 hour design course for farms and acreages, large and small. The Holistic Land Design Course will allow you, as the landowner, to:

1. Clarify your values, vision and resources
2. Diagnose your property's strengths & weaknesses
3. Complete your own permaculture property design with professional tools & templates
4. Implement your design with the appropriate information, tools, community, and support
5. Manage and monitor your property holistically

## About the Instructors:

Rob Avis and Takota Coen, through their combined 20 years of consulting, farming, & teaching, have developed a process that empowers land stewards to design and manage the property of their dreams. Their course is founded on their belief that the best person to design your land is you!
